CATEGORY 3 MISC ORGANIC & MECHANIC

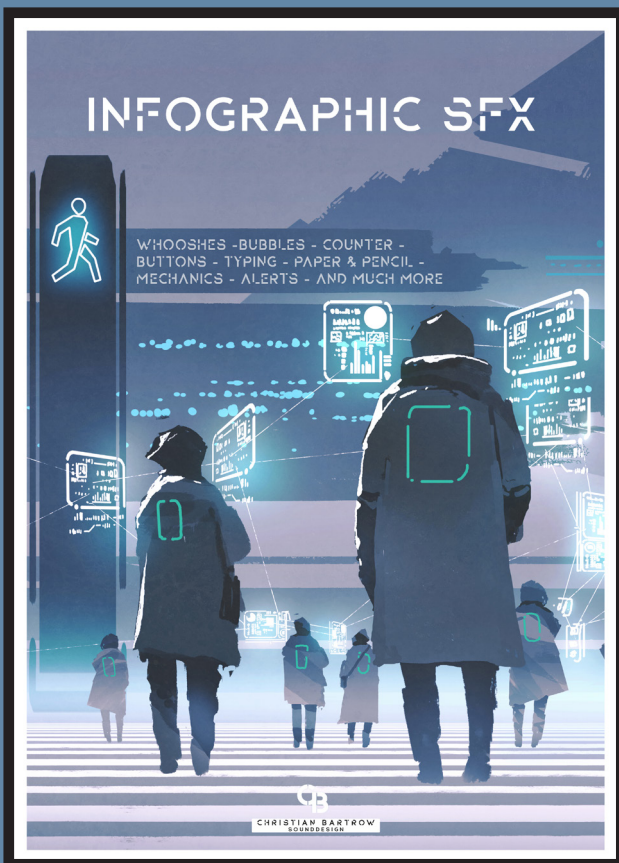

CATEGORY 4 PAPER & PENCIL

INFOGRAPHICS SFX

About this library about

The Infographics SFX Library contains about 500 sound effects ready to use within your infographic animation, presentation or education and infotainment videos.

The sounds are also suitable for Games, UI design or title sequences.

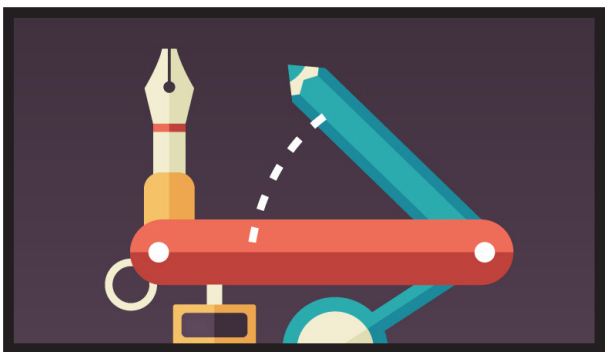

The sounds provided by the Infographic SFX Library have been carefully produced, selected, edited and tested.

All sounds of the Infographic SFX Library are royalty-free. They may be used for private and commercial purposes.

The categories

A big collection of sounds for infographics

Category 1:

Info Elements (250+ sounds)

The main folder Info_Elements is subdivided into the folders Bubble Pops, Alters_Beeps_and_Bells, Counter, Up_and_Down, Clicks_and_Buttons, Notifications and Vibrating. These Sounds are your Building Blocks for Infographics per se. Charts growing, Elements appearing, Data counting etc.

Category 2:

Info Whooshes (100 sounds)

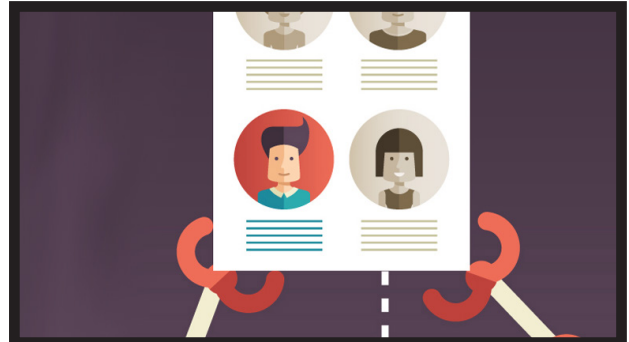

This category features the most useful and versatile sounds when it comes to any motion graphic: Whoosh sounds. As this library aims at infographics, the sounds are mostly short and not too fancy so you can integrate them into your sheets without "overdoing" it.

Category 3:

03_Misc_Organic_and_Mechanic (47 sounds)

This category's sounds can be used in many ways. From photo-clicks to tapemachine sounds, typing on two different computer keyboards - evrything mechanic or organic to spice up your presentations.

Category 4:

Pencil and Paper (90+ sounds)

This category features a variety of sounds of pencils and paper. Mikado Sticks, Dominoes, and Cards have been recorded to fit into your game's soundscape
