

Ambient Pads Volume 2 is a Module with 50 ambient pads for Omnisphere 2 with a mysterious and ambient character.

The pads in this soundset come from the presets from [Empty Fields - F.2 soundset](#) which were not used in [Volume 1](#) and from the [Traveller soundset](#). If you have already the soundset Empty Fields F2 or Traveller, then this Module is **NOT** needed. The soundset requires Omnisphere 2.5 and is 140mb in size and contains 33 original soundsources.

Modules are elements from existing soundsets and each Module has a fixed price of €8.99. If you are for example only looking for pads, soundscapes or ARP's then the Modules are a perfect place to start.

Installation:

Unzip the included zip file and open Omnisphere 2. Under the "Utility" button click "Install .omnisphere" and select the .omnisphere file from the unzipped folder.

Please note this version requires Omnisphere 2.5 to be used.
