

Ambient Pads Volume 3 is a Module with 50 ambient pads for Zebra 2 with a mysterious and ambient character.

The pads in this soundset come from the presets from [Empty Fields F1](#) and [White](#) soundsets for Zebra 2. If you have already these soundsets, then this Module is **NOT** needed. The soundset requires Zebra 2.8

Modules are elements from existing soundsets and each Module has a fixed price of €8.99. If you are for example only looking for pads, soundscapes or ARP's then the Modules are a perfect place to start.
